STATEMENT REGARDING THE ACQUISITION OF CONTROL
OF A DOMESTIC HEALTH CARRIER AND A DOMESTIC INSURER

This statement (this "Statement") is being filed concurrently with the Insurance Commissioner of the State of Washington (the "Commissioner"), the Attorney General of the State of Washington (the "Attorney General"), the Alaska Division of Insurance and the Oregon Insurance Division in connection with the proposed conversion of PREMERA and certain of its affiliates to for-profit corporations. This Statement follows the form of the Statement Regarding the Acquisition of Control of a Domestic Health Carrier (the "Washington Health Carrier Form A") prescribed by Section 48.31C.030 of the Revised Code of Washington ("RCW") and Section 284-18A-910 of the Washington Administrative Code ("WAC"). In addition, this Statement contains all of the information required by (i) the Statement Regarding the Acquisition of Control of a Domestic Insurer prescribed by Section 48.31B.015 of the RCW and Section 284-18-910 of the WAC (the "Washington Insurer Form A"), (ii) the Statement Regarding the Acquisition of Control of a Domestic Health Insurer prescribed by Section 21.22.020 of the Alaska Statutes ("AS") and Section 3 AAC 21.060 of the Alaska Administrative Code (the "AAC") (the "Alaska Form A"), and (iii) the Statement Regarding the Acquisition of Control of a Domestic Health Insurer prescribed by Section 732.523 of the Oregon Revised Statutes ("ORS") and Section 836.027.0100 Exhibit 1 of the Oregon Administrative Rules (the "OAR") (the "Oregon Form A"). Annex I attached hereto provides a cross reference guide which correlates the information set forth in this Statement with the relevant provisions of the Washington Insurer Form A, the Alaska Form A and the Oregon Form A.

This Statement relates to the acquisition of control of Premera Blue Cross, a Washington non-profit health care service contractor ("PBC"), LifeWise Assurance Company, a Washington for-profit insurance company ("LWA"), LifeWise Health Plan of Washington, a Washington non-profit health care service contractor ("LifeWise Washington"), LifeWise Health Plan of Arizona, Inc., a Washington for-profit insurance company ("LW-AZ"), Premera Blue Cross Blue Shield of Alaska Corp., an Alaska for-profit insurance company ("PBC-AK"), and LifeWise Health Plan of Oregon, Inc., an Oregon for-profit insurance company ("LifeWise Oregon", and together with PBC, LWA, LifeWise Washington, LW-AZ and PBC-AK, collectively, the "Acquired Companies"), all of which are direct or indirect affiliates of PREMERA, a Washington non-profit corporation ("PREMERA"), by a to be formed entity, [New PREMERA Corp.], a Washington for-profit corporation ("New PREMERA" or the "Applicant"). The Alaska Division of Insurance issued a certificate of authority to PBC-AK to operate as a licensed health insurer in the state of Alaska subject to effecting the transactions contemplated by this proposed conversion.

ITEM 1. INSURER AND METHOD OF ACQUISITION

State the name and address of the domestic health carrier to which this application relates and a brief description of how control is to be acquired.

PREMERA proposes to undertake a corporate reorganization designed to give the PREMERA family of companies access to the equity capital markets. As part of such reorganization, PREMERA is proposing that two foundations be created that would be dedicated to health initiatives for the citizens of PBC's Washington and Alaska service areas. PREMERA believes that, through the creations of such foundations, the reorganization could result in substantial amounts dedicated to the public benefit. The PREMERA family of companies together provide health insurance coverage to more than one million enrollees in Washington, Alaska and Oregon.

PBC, and its corporate member PREMERA, are currently organized as Washington non-profit corporations. PBC is licensed as a health care service contractor under Title 48 of the RCW, and as a hospital and medical service corporation in Alaska. Although organized as non-profit corporations under state law, neither PBC nor PREMERA are tax exempt organizations under federal law. The PREMERA family of companies currently includes both non-profit as well as for-profit corporations.

The PREMERA family of companies desires to reorganize in a manner that will allow New PREMERA to access the equity capital markets. Such capital availability would enhance the New PREMERA family of companies' flexibility and responsiveness to customer needs in an increasingly demanding healthcare marketplace. Access to equity capital would also allow the New PREMERA family of companies to make continued investments in new products and technology, support a growing customer base and allow the New PREMERA family of companies to continue to make the experience of its customers regarding their health plan better and more efficient. It would also provide additional resources to support New PREMERA's intent to remain the strong, locally managed independent parent company of the New PREMERA family of companies in a world of ever-increasing consolidations in the healthcare system. After the completion of the reorganization, New PREMERA would have the right to issue and sell newly issued shares of New PREMERA, at its discretion, with proceeds going directly to New PREMERA to fund the ongoing capital needs of the Acquired Companies.

A list of the addresses of the principal executive offices of the Acquired Companies is attached hereto as Exhibit A-1.

The acquisition of control of the Acquired Companies by the Applicant will take place as part of a proposed series of transactions (collectively, the "Conversion Transaction"), pursuant to which PREMERA and PBC will convert from Washington non-profit corporations organized under Titles 24.06 and 24.03 of the RCW, respectively, to Washington for-profit business corporations organized under Title 23B of the RCW. Pursuant to the terms of the Conversion Transaction, the Members of PREMERA (*i.e.*, the current members of its Board of Directors) will first amend the Articles of Incorporation of PREMERA to provide that the [Washington Foundation Shareholder], a Washington non-profit corporation (the "Washington Foundation Shareholder"), and the Alaska Health

Foundation, an Alaska non-profit corporation (the "Alaska Health Foundation"), will become members of PREMERA. The form of the Articles of Amendment to PREMERA's Articles of Incorporation and the form of the Amended and Restated Articles of Incorporation of PREMERA are attached hereto as Exhibit A-2. PBC will transfer certain of its assets and liabilities directly related to its operations in Alaska to its newly formed wholly owned subsidiary, PBC-AK, in exchange for 100% of the stock of PBC-AK. PBC will then transfer all of its assets and liabilities, including the stock of PBC-AK and its health care service contractor registration in the State of Washington, to its other newly formed wholly owned subsidiary, [New Premera Blue Cross Corp.], a Washington for-profit corporation ("New PBC"), in exchange for 100% of the stock of New PBC. After the foregoing transfer, PBC-AK will become a direct wholly owned subsidiary of New PBC. PBC will then perform a statutory liquidation and distribute the New PBC stock to PREMERA. New PBC will transfer 100% of the stock of PBC-AK to PREMERA at which point New PBC and PBC-AK are direct wholly owned subsidiaries of PREMERA. PREMERA will then transfer all its assets and liabilities to its newly formed wholly owned for-profit subsidiary, New PREMERA, in exchange for 100% of the stock of New PREMERA. PREMERA will then perform a statutory liquidation and distribute the New PREMERA stock to its sole members, the Washington Foundation Shareholder and Alaska Health Foundation. In connection with the foregoing transactions, New PREMERA will enter into an agreement with PBC-AK under which New PREMERA will guarantee the obligations of PBC-AK transferred to it by PBC and the claims obligations of PBC-AK to its insureds; and, for a specified period, New PREMERA will make capital contributions to PBC-AK to ensure that PBC-AK maintains a stated risk-based capital level. Additionally, New PREMERA will enter into an agreement with New PBC under which New PREMERA will guarantee the claims obligations of New PBC to its members. The foregoing transactions will generally occur essentially simultaneously in the order described as a part of a single tax-free reorganization transaction.

After the completion of the Conversion Transaction, the Washington Foundation Shareholder and Alaska Health Foundation collectively will own 100% of the capital stock of New PREMERA and New PREMERA will directly or indirectly control the Acquired Companies. Charts illustrating the foregoing steps are attached hereto as Exhibit A-3. The transactional steps that have been identified to effect the conversion (the "Plan of Conversion") are attached hereto as Exhibit A-4. Although the Washington Foundation Shareholder and Alaska Health Foundation collectively will own 100% of the initial capital stock of New PREMERA pursuant to the Plan of Conversion, they each disclaim "control" of New PREMERA and the Acquired Companies within the meaning of Section 48.31B.005(2) and Section 48.31C.010(3) of the RCW, Section 21.22.200(3) of the AS and Section 732.548(2) of the ORS. The Disclaimer of Control of New PREMERA and indirectly of the Acquired Companies (the "Disclaimer of Control") pursuant to (i) Section 284-18-430 and Section 284-18A-410 of the WAC, (ii) Section 3 AAC 21.130 of the AAC, and (iii) Section 836-027-0025 of the OAR is attached hereto as Exhibit A-4.

In connection with the transactions contemplated by the Plan of Conversion, PREMERA, PBC and LifeWise Washington will seek a solicitation permit from the Commissioner in accordance with Section 48.06.040 of the RCW.

The Applicant hereby seeks the approval of the Commissioner for (i) the acquisition of control by the Applicant of PBC, New PBC, LWA, LifeWise Washington and LW-AZ, (ii) the amendment of the Articles of Incorporation of PREMERA by which the Washington Foundation Shareholder and Alaska Health Foundation each would become a member of PREMERA, (iii) the conversion of LifeWise Washington to a for-profit corporation as set forth in the Plan of Conversion, (iv) the transfer of the assets and liabilities of PREMERA and PBC to New PREMERA and New PBC, respectively, (v) the dissolution and liquidation of PREMERA and PBC, (vi) the transfer of 100% of the initial stock of New PREMERA to the Washington Foundation Shareholder and Alaska Health Foundation, (vii) the corporate structure and governance arrangements of New PREMERA, (viii) the corporate structure and governance arrangements of the Washington Foundation Shareholder, (ix) the arrangements governing the ownership and use of proceeds from sale of the New PREMERA stock by the Washington Foundation Shareholder over time, (x) the Disclaimer of Control, (xi) the transactions and agreements set forth the Form D attached as Exhibit G-9 hereto, and (xii) any other transactions set forth in the Plan of Conversion, this Statement and the documents related thereto that are attached as exhibits to this Statement, to the extent such transactions and/or documents require approval by the Commissioner under applicable Washington law or administrative regulation. The Applicant also hereby seeks confirmation from the Commissioner that the transfer of the assets, including, but not limited to, all "insurance contracts" (as defined in Section 284-95-030(6) of the WAC), of PBC to New PBC and of LifeWise Washington to New LifeWise Washington (as defined below) will not be deemed to trigger the requirements of Chapter 284-95 of the WAC.

In addition, the Applicant hereby seeks approval of the Attorney General for (i) the dissolution and distribution of all of the assets of PREMERA, PBC and LifeWise Washington in accordance with the Plan of Conversion, and (ii) any other transactions set forth in the Plan of Conversion, this Statement and the documents related thereto that are attached as exhibits to this Statement, to the extent such transactions and/or documents require approval by the Attorney General under applicable Washington law or administrative regulation.

The Applicant hereby seeks the approval of the Alaska Division of Insurance for (i) the transfer of certain of the assets and liabilities directly related to health plans, benefit administration contracts and any other business currently conducted by PBC in Alaska to PBC-AK, where such transfer of assets will include (A) the amendment of individual contracts to permit assignment, if applicable, and the subsequent assignment of such contracts, and (B) group contracts pursuant to their respective terms, (ii) PBC-AK becoming a direct wholly owned subsidiary of New PREMERA as set forth in the Plan of Conversion, (iii) the transfer of 100% of the initial stock of New PREMERA to the Washington Foundation Shareholder and Alaska Health Foundation, (iv) the corporate

structure and governance arrangements of the Alaska Health Foundation, (v) the arrangements governing the ownership and use of proceeds from sale of the New PREMIERA stock by the Alaska Health Foundation over time, (vi) the Disclaimer of Control, (vii) the transactions and agreements set forth the Form D attached as Exhibit G-9 hereto, and (viii) any other transactions set forth in the Plan of Conversion, this Statement and the documents related thereto that are attached as exhibits to this Statement, to the extent such transactions and/or documents require approval by the Alaska Division of Insurance under applicable Alaska law or administrative regulation. In addition, the Applicant hereby seeks confirmation from the Alaska Division of Insurance that given the proposed relationship between New PBC and PBC-AK set forth in the Management Agreement (as defined below) and that PBC-AK will be subject to the Alaska Holding Company Act, New PBC will be deemed to be exempt from the managing general agent licensure and other requirements contained in Chapter 21.27 of the AS.

The Applicant hereby seeks the approval of the Oregon Insurance Division for (i) the acquisition of control by the Applicant of LifeWise Oregon, (ii) the Disclaimer of Control, (iii) the transactions and agreements set forth the Form D attached as Exhibit G-9 hereto, and (iv) any other transaction set forth in the Plan of Conversion, this Statement and documents related thereto that are attached as exhibits to this Statement, to the extent such transactions and/or documents require approval by the Oregon Insurance Division under applicable Oregon law or administrative regulation.

None of such person so identified has had any license or registration with any federal, state or municipal government agency surrendered, revoked, suspended or been the subject of disciplinary proceedings in connection therewith.

None of the individuals identified in Exhibit C-1 has been convicted in a criminal proceeding (excluding minor traffic violations) within the last 10 years.

ITEM 4. NATURE, SOURCE, AND AMOUNT OF CONSIDERATION

(a) Describe the nature, source and amount of funds or other considerations used or to be used in effecting the merger or other acquisition of control. If any part of the same is represented or is to be represented by funds or other consideration borrowed or otherwise obtained for the purpose of acquiring, holding or trading securities, furnish a description of the transaction, the names of the parties thereto, the relationship, if any, between the borrower and the lender, the amounts borrowed or to be borrowed, and copies of all agreements, promissory notes and security arrangements relating thereto.

(a) Under the terms of the Conversion Transaction, New PREMERA will acquire 100% of the stock of New PBC, and consequently the direct or indirect control of the other Acquired Companies, and 100% of the stock of PBC-AK, through the liquidation of PBC and the distribution by it of the stock of New PBC to PREMERA and the transfer of

100% of the PBC-AK stock thereafter to PREMERA by New PBC and then the subsequent transfer of the assets of PREMERA to New PREMERA in exchange for 100% of the stock of New PREMERA.

(b) *Explain the criteria used in determining the nature and amount of such consideration.*

(b) As discussed more fully in Items 5 and 7(a) below, the nature and amount of the consideration contemplated by the Conversion Transaction is predicated on the Washington Foundation Shareholder and Alaska Health Foundation collectively receiving 100% of the initial stock of New PREMERA, and indirectly 100% of the stock of New PBC, PBC-AK and the other Acquired Companies, in order to fund their respective missions of supporting health initiatives in Washington and Alaska. As such, the nature and amount of such consideration reflects the residents of Washington and Alaska receiving, through the 100% initial ownership of New PREMERA by the Washington Foundation Shareholder and Alaska Health Foundation at the time of the consummation of the Conversion Transaction, the benefits of PREMERA's and PBC's conversion to for-profit corporations through the activities of the Washington Foundation Shareholder and Alaska Health Foundation, while New PREMERA will in turn enhance its ability to raise capital for future investments and growth in order for the New PREMERA family of companies to improve service, increase financial stability, and help spread operating costs over a larger membership base for the benefit of all of its customers.

(c) *If the source of the consideration is a loan made in the lender's ordinary course of business and if the applicant wishes the identity of the lender to remain confidential, he or she must specifically request that the identity be kept confidential.*

(c) Not applicable.

ITEM 5. FUTURE PLANS OF INSURER

Describe any plans or proposals which the applicant may have to declare an extraordinary dividend, to liquidate such health carrier, to sell its assets to or merge it with any person or persons or to make any other material change in its business operations or corporate structure or management.

As set forth in Item 1 above, once PBC acquires 100% of the stock of New PBC, PBC will liquidate and transfer the New PBC stock to PREMERA, New PBC transfers 100% of the stock of PBC-AK to PREMERA, PERMERA then will dissolve and New PBC and PBC-AK will become direct wholly owned subsidiaries of New PREMERA. Similarly, once PREMERA receives 100% of the stock of New PREMERA in exchange for its assets, PREMERA will dissolve and transfer the New PREMERA stock to the Washington Foundation Shareholder and Alaska Health Foundation.

The Washington Foundation Shareholder and Alaska Health Foundation each will be a non-profit charitable foundation that is expected to apply for tax exempt status under Section 501(c)(4) of the Internal Revenue Code of 1986, as amended (the "Code"). As described more fully in Item 7(a) and (c) below, it is intended that the principal activity of the Washington Foundation Shareholder and Alaska Health Foundation will be to gradually divest of their stock of New PREMERA over a period of time and use the resultant net proceeds to promote the health and welfare of the citizens of Washington and Alaska by distributing such proceeds to charitable organizations serving such states. In the event 501(c)(4) status is not obtained from the Internal Revenue Service by either the Washington Foundation Shareholder or the Alaska Health Foundation, such organization shall apply for tax exempt status under Section 501(c)(3) of the Code. In any event, each of the Washington Foundation Shareholder and the Alaska Health Foundation shall be responsible for all taxes applicable to it as a result of its tax status and operations.

A copy of the proposed Articles of Incorporation and By-laws of the Washington Foundation Shareholder are attached hereto as Exhibits E-1 and E-2, respectively. A copy of the proposed Articles of Incorporation and By-laws of the Alaska Health Foundation are attached hereto as Exhibits E-3 and E-4, respectively.

A more complete description of New PREMERA's current and future business plans is attached as Exhibit E-7 hereto.

In addition, New PREMERA intends to make certain assurances related to the future operation of its business. A more detailed description of these assurances is attached as Exhibit E-8 hereto.

Other than the foregoing, the Applicant has no plans to declare an extraordinary dividend, to liquidate, to sell its assets to or merge with any person or persons or to make any other material change to its business operations or corporate structure or management.

ITEM 6. NONPROFIT HEALTH CARRIER

If the health carrier or person controlling the health carrier being acquired is a nonprofit corporation:

(a) Describe who the members of the corporation or person controlling the health carrier are and how they become or are selected as members of the corporation and how this may change as a result of the acquisition.

(b) Describe who has the authority or power to elect or appoint the board of directors, trustees or other governing body of the health carrier or person controlling the health carrier and how this may change as a result of the acquisition.

(a)-(b) As more fully described in Item 1 above, the Washington Foundation Shareholder and Alaska Health Foundation disclaim "control" of New PREMERA and indirectly of the Acquired Companies within the meaning of Section 48.31B.005(2) and Section 48.31C.010(3) of the RCW, Section 21.22.200(3) of the AS and Section 732.548(2) of the ORS.

ITEM 7. FOR-PROFIT HEALTH CARRIERS

If the health carrier being acquired is a for-profit person:

(a) State the number of shares of the health carrier's voting securities which the applicant, its affiliate and any person listed in Item 3 plan to acquire, and the terms of the offer, request, invitation, agreement or acquisition, and a statement as to the method by which the fairness of the proposal was determined.

New PREMERA will acquire one thousand shares of the common stock of New PBC, representing 100% of the issued and outstanding stock of New PBC through the liquidation of PBC and the distribution of the stock of New PBC to PREMERA and the subsequent transfer of the assets of PREMERA to New PREMERA. Additionally, New PREMERA will acquire one thousand shares of the common stock of PBC-AK, representing 100% of the issued and outstanding stock of PBC-AK through the distribution of the stock of PBC-AK to PREMERA by New PBC and the subsequent transfer of the assets of PREMERA to New PREMERA. Through its ownership of New PBC, New PREMERA will likewise acquire indirect control of the voting securities of LWA, LW-AZ, New LifeWise Washington and LifeWise Oregon.

Although, as described in Item 1 above, the Washington Foundation Shareholder and Alaska Health Foundation disclaim "control" of New PREMERA and the Acquired Companies within the meaning of Section 48.31B.005(2) and Section 48.31C.010(3) of the RCW, Section 21.22.200(3) of the AS and Section 732.548(2) of the ORS, the Washington Foundation Shareholder and Alaska Health Foundation collectively will acquire • shares of the common stock of New PREMERA, representing 100% of the issued and outstanding stock of New PREMERA as of the time of the consummation of the Conversion Transaction through the liquidation of PREMERA and the distribution of the New PREMERA stock to the Washington Foundation Shareholder and Alaska Health Foundation.

The Washington Foundation Shareholder and Alaska Health Foundation each will use proceeds derived from the sale of New PREMERA stock over time to fund health initiatives in Washington and Alaska, respectively. As such, the nature and amount of such consideration reflects the residents of Washington and Alaska receiving, through the 100% initial ownership of New PREMERA by the Washington Foundation Shareholder and Alaska Health Foundation at the time of the consummation of the Conversion Transaction, the benefits of PREMERA's and PBC's conversion to for-profit corporations through the

funding of health initiatives in those states, while New PREMERA will in turn enhance its ability to raise equity capital for future investments and growth in order for it to improve service, increase financial stability, and help spread operating costs over a larger membership base for the benefit of all of its customers.

(b) State the amount of each class of any voting security the health carrier which is beneficially owned or concerning which there is a right to acquire beneficial ownership by the applicant, its affiliates or any person listed in Item 3.

The amount of each class of voting securities of the Acquired Companies which is beneficially owned or concerning which there is a right to acquire beneficial ownership by the Applicant, its affiliates identified in Exhibit B-3 or any person identified in Exhibit C-1 is described in Exhibits G-1 and G-2 attached hereto, respectively.

(c) Give a full description of any contracts, arrangements or understandings with respect to any voting security of the health carrier in which the applicant, its affiliates or any person listed in Item 3 is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. Such description shall identify the persons with whom such contracts, arrangements or understandings have been entered into.

As part of the Conversion Transaction, the Washington Foundation Shareholder, Alaska Health Foundation, New PREMERA, PREMERA, PBC, New PBC, PBC-AK and certain third parties, as applicable, will enter into the following agreements:

Transfer, Grant and Loan Agreement

The Washington Foundation Shareholder, Alaska Health Foundation, PREMERA, PBC and New PREMERA will enter into a Transfer, Grant and Loan Agreement to provide for the transfer of the New PREMERA stock to the Washington Foundation Shareholder and Alaska Health Foundation upon the dissolution of PREMERA. Under the terms of the Transfer, Grant and Loan Agreement, the proceeds of the sale of the New PREMERA stock by the Washington Foundation Shareholder and Alaska Health Foundation will only be used for certain permitted purposes relating to the promotion of the health and welfare of the residents of the states of Washington and Alaska. The Washington Foundation Shareholder and Alaska Health Foundation will be prohibited from amending certain fundamental provisions of their charter documents without the approval of their respective boards of directors and the Attorney General for the states of Washington or Alaska, as the case may be. The Washington Foundation Shareholder and Alaska Health Foundation each will be required to make distributions of proceeds derived from the divestiture of New PREMERA stock to fund health initiatives in the states of Washington and Alaska by making grants or gifts to one or more non-profit organizations recognized as exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code

1986, as amended. The Washington Foundation Shareholder and Alaska Health Foundation each will also generally be prohibited from undertaking lobbying activities. In addition, PREMERA, New PREMERA, and PBC have agreed to grant up to \$250,000 each to the Washington Foundation Shareholder and the Alaska Health Foundation and to loan to each up to \$250,000 in order to fund their operations during the period prior to the IPO. The form of the Transfer, Grant and Loan Agreement is attached hereto as Exhibit G-3.

Voting Trust and Divestiture Agreements

The Washington Foundation Shareholder, New PREMERA, and [the Trustee], a • corporation (the "Washington Trustee"), will enter into a Voting Trust and Divestiture Agreement, and the Alaska Health Foundation, New PREMERA, and [the Trustee], a • corporation (the "Alaska Trustee"; the Washington Trustee and the Alaska Trustee are collectively referred to as the "Trustees"), will enter into a Voting Trust and Divestiture Agreement (collectively, the "Voting Trust Agreements"), to set terms for the exercise of the voting rights of the New PREMERA shares to be owned by the Washington Foundation Shareholder and Alaska Health Foundation, respectively, and provide for an orderly divestiture of the New PREMERA stock.

Furthermore, the provisions of the Voting Trust Agreements are necessary for New PREMERA to obtain and maintain a license to use the Blue Cross/Blue Shield trademarks since the Blue Cross Blue Shield Association ("BCBSA") imposes certain restrictions on the ownership of the stock of its licensees (collectively, the "Ownership Limits"). Pursuant to the Ownership Limits, among other restrictions, no institutional investor may own more than 10% of the voting interest in New PREMERA, no non-institutional investor may own more than 5% of the voting interest in New PREMERA, and no person may own more than 20% of New PREMERA's capital stock regardless of such person's voting rights. Provisions which put into effect the Ownership Limits are incorporated in the charter documents of New PREMERA.

Under the terms of the Voting Trust Agreements, upon the consummation of the Conversion Transaction, the Washington Foundation Shareholder and Alaska Health Foundation each will deposit New PREMERA stock representing in the aggregate 90 to 95% of the voting power of all New PREMERA stock (except as may be otherwise provided by the terms of the Voting Trust Agreements) into voting trusts administered by the Trustees. The Washington Foundation Shareholder and Alaska Health Foundation will retain their respective economic interests in the New PREMERA stock, but will delegate the voting rights to the Trustees under certain circumstances. The Trustees generally will be required to vote the New PREMERA stock owned by the Washington Foundation Shareholder and Alaska Health Foundation as directed by an independent majority of the Board of Directors of New PREMERA. The Washington Foundation Shareholder and Alaska Health Foundation collectively will be required to divest its New PREMERA stock so as to meet certain maximum applicable ownership amounts at various anniversary dates following the date of an initial public offering of New PREMERA's stock (the "Divestiture

Deadlines"). Under the Divestiture Deadlines, the Washington Foundation Shareholder and Alaska Health Foundation will be permitted, in the aggregate, to own no more than 80% of the stock of New PREMERA following the first anniversary of the initial public offering, no more than 50% after the third anniversary, no more than 20% after the fifth anniversary, and no more than 5% after the tenth anniversary.
